The Veteran Repair Corps Program builds on Habitat for Humanity’s traditional models for homeownership, home preservation and community development. We work with you to prioritize the work needed to ensure that your home is safe, warm, and dry. We focus on critical repairs to help keep you living safely in your home.

Repairs are done by Habitat staff, professional subcontractors, and skilled volunteers and is much different than hiring a contractor. It’s about partnership.

Critical Repairs:
• Roof and gutters
• Windows and doors
• Plumbing, electrical and heat
• Structural hazards
• Limited water and mold remediation

To qualify,
• a veteran must own or occupy home within the City of Philadelphia
• must have a need for home repairs
• household income must be at or below 80% AMI
• must be able to pay the discounted project
